Education:

Cornell University, Ithaca, NY

Expected May 2028

Bachelor of Engineering in Mechanical Engineering

GPA: 3.84

Relevant coursework: Statics and Mechanics of Solids, Thermodynamics, Biomolecular Thermodynamics, Differential Equations, Intro to Mechanical Design, Waves & Oscillations, Dynamics

Brandeis University, Waltham, MA

08/2024 to 05/2025

GPA: 3.96/4.0

Skills:

- Programming: Java, Python, HTML, MATLAB
- CAD & Manufacturing: Fusion 360, 3D printing, Lathe, Mill, Power tools
- Electronics: Circuits, Breadboarding, Oscilloscope, Soldering
- Software: Excel (analysis/graphing), GitHub, Fiji

Experience:

NASA L'SPACE Mission Concept Academy – Remote

01/2026 – 05/2026

Mechanical Engineer Subsystem Member

- Designed rover mechanical subsystem for lunar PSR exploration, evaluating prior NASA missions and tradeoffs
- Collaborated in a multidisciplinary team using industry-standard mission design practices
- Gained exposure to teaming, mission requirements, risk management, project management, systems, heat transfer, and Siemens NX through skill modules

Boston Children's Hospital – Boston, MA

06/2025 to 08/2025

Health Technology Management Intern

- Repaired low-risk medical devices such as infusion pumps, infusion syringes, pulse oximeters, etc.
- Performed incoming inspections of medical devices to ensure operational standards
- Performed inventory management across different hospital departments
- Shadowed clinical engineers, general technicians, and radiology technicians – assisting in repairs, device installation, and preventative maintenance

Brandeis Help Desk – Waltham, MA

11/2024 to 05/2025

Technical Support

- Aided students and staff with hardware and software technical issues
- Provided quick, accurate, and satisfactory customer service
- Attended team meetings to discuss performance and potential improvements

Envision Difference – Boston, MA

02/2023 to 06/2023

Intern

- Assisted with and organized programs, events, and activities to drive outreach initiatives
- Aided in finding grants that matched the mission of the organization and participated in the grant writing and application process
